202 (Alt. Eng.) The course contains non fictional prose to familiar the students with the ideas of famous writers and thinkers

301 Communicative skills: Skills and abilities required for various competitive examination and for future academic and professional needs.

301 (Gen. Eng.) The poems and dramas included in this paper will enable the students acquaint with the nature of writings of the writers from the Romantic to Modern age.

Geography

GGRM 101

- Students will be familiar with the distinctiveness of Geography as a field of learning in social science as well as natural science.
- Students will be familiar with the interrelationship between Geography and other branches of Earth Sciences.

GGRM 201

- Students will be familiar with the theories in Geomorphology.
- Students will be familiarising with geomorphic processes.
- It deals with Biogeography and oceanography

GGRM 301

- Students will be familiar with the atmosphere and its components.
- Students will be familiar with Humidity, precipitation and atmospheric disturbances.
- Students will be acquaintance with classification of climate, climate change and recent issues.

GGRM 304

- Students will be acquainted with the Topographical sheet study and profile drawing.
- Students will be acquainted with the Climatic data study.

GGRM 401

- Students will be able to know the Human Geography, its development and different school of thought.
- Deals with pattern of Human adaptation, Mankind and Settlement.
- Deals with Population growth and distribution, Population regions and Policies.

GGRM 402 (Practical)

- This practical paper is planned to acquaint the students with the use of different cartographic methods to represent population data and their analysis and drawing of thematic maps and their interpretation.

GGRM 403

- Students will be familiar with the various aspects of Industrial, Agricultural and Transport Geography.

GGRM 404 (Practical)

- This practical paper deals with drawing of Hypsometric and Bathymetric curve and their interpretation.
- Deals with Excursion or Field Report visited by the students of geographical importance.

GGRM 501

- Students will be able to know the Physical Geography of India.
- Students will be familiar with the Mineral and Power Resources of India.
- Students will be familiar with the Physical Geography of N.E.India.

GGRM 502 (Practical)

- This paper deals with preparation of Flow line and Cartographic Study.
- Students will be learned how to prepare a project report.

GGRM 503

- This paper is designed to study Regional Geography of Asia, North America and South America.

GGRM 504 (Practical)

- This paper deals with preparation of thematic mapping and Shape index analysis of India as well as North east India.

GGRM 505

- This paper mainly deals with Political Geography and Geopolitical Issues.
- It deals with Geopolitical issues of South East Asia.

GGRM 506 (Practical)

- Students will able to learn with slope analysis and drawing of block diagrams

GGRM 507

- This paper Deals with Regional concept and Planning.
- This paper Deals with Regional Planning Strategy.

GGRM 508 (Practical)

This paper deals with Cartograms and Quantitative analysis and Network Analysis.

GGRM 601

- Students will be able to familiar with the history of map projection and surveying and leveling, and modern cartographic methods.
- This paper also deals with modern cartographic methods including Remote sensing ,GIS and GPS.

GGRM 602 (Practical)

- This paper deals with the construction of map projection of Zenithal, Conical and Cylindrical type.

GGRM 603

- This paper deals with Regional geography of India and N.E.India.
- Students will be familiar with Agriculture, Industries, Socio-cultural Structure and Transport of India.

GGRM 604 (Practical)

- It deals with the modern techniques of interpretation of satellite imagery. CO1 : Deals with Image Intepretation. CO2: Deals with Satellite image comparison with toposheet. Course Code:

GGRM 605

- This paper deals with the Regional geography of Africa, Australia and New Zealand and Europe.

GGRM 606 (Practical)

- This paper deals with the analysis of statistical data.

GGRM 607

- This paper deals with the Geographic thoughts and Quantitative methods.
- Deals with development of geography in ancient, medieval and modern period.

GGRM 608 (Practical)

This paper deals with conducting survey by different methods and preparation of maps.

History:

HISM- 101 Basics of the discipline of History and to understand its sources in their varied forms, contents, uses and analysis.

HISM- 201 Critical outline of the political history of Assam from the earliest times to its occupation by the English East India company in the first quarter of the 19th century.
